Subject Title	Contemporary Issues in Attestation and Assurance Services
Credit Value	3
Level	5
Normal Duration	One Semester
Pre-requisite / Co-requisite/ Exclusion	Nil
Role and Purposes	<p>This subject contributes to the achievement of the MSc in Accountancy Programme Outcomes by enabling students <u>to use the conceptual frameworks needed to evaluate contemporary issues in accounting and related disciplines</u> (Programme Outcome 1). Students will be able to <u>understand basic econometrics methods applied to accounting and finance research work</u> (Programme Outcome 2) by enabling students to better understand how different auditing and accounting issues can be addressed, and obtain methodological perspectives from assessing the myriad of choices of methods that researchers make. Additionally, the subject will help students to <u>apply appropriate conceptual frameworks in more specialized areas of accounting and finance, business environment in China, etc.</u> (Programme Outcome 3) by relating together theoretical and practical aspects of what they have learnt and considered during the course. Furthermore, the skills learnt by students in this course should enhance their research skills should they choose to undertake a dissertation on any topic in the future.</p>
Subject Learning Outcomes	<p>Upon completion of the subject, students will be able to:</p> <ul style="list-style-type: none"> (a) <u>Use</u> conceptual frameworks in evaluating contemporary issues in auditing, corporate governance and accounting.
